EDITORIAL

By David Tingley, Editor

It has been lovely in the past couple of weeks to see some sunshine, the daffodils and feel a little warmth too!

As spring presses on we aren't short of things to tell you all about on these pages.

This month we are very grateful to **Kate Fleming**, who goes inside on the family who must surely have the most Cuckfield Mayoral 'blood' inside it! The feature showcases numerous generations of one family, but if **The Independent State of Cuckfield** is to achieve its goal of 50 mayors standing later this year - they are going to need all residents of the village to consider it. Read this story by Kate on page 16, plus also see **Ken Gregory's** column on page 23.

Cuckfield Parish Council has its regular newsletter printed on page 24 - do read this to catch up with what they are doing on your behalf.

With Easter just around the corner, we have a lovely feature by resident **Clare Pope** on page 20. Clare, a baker by trade, shows us how to make an amazing **chocolate Easter cake** and get kids involved too. Sadly we ran out of space for whole the recipe - so I've posted the full article up online - see the link to our Cuckfield Blog. Thanks Clare for your contribution.

Something else that comes along with Easter - is the **Cuckfield Walking Race** - see our news story over the page and do get involved on 28th March if you can. Pictures of the annual event to follow next time.

Holy Trinity Church shares its news with us on page 29, as does the environmental group **Cuckfield Local** on page 28.

The usual **What's On guide** is at the back of the magazine on page 30.

As ever, we are always grateful to our advertisers - who make the distribution of all this information possible. Do please use them, and tell them where you saw their name.

Walking Race and Easter Egg Hunt

The annual Independent State of Cuckfield Walking Race & Children's Easter Egg Hunt takes place on Easter Monday, 28th March, in the Recreation Ground.

The Walking Race starts and finishes in the Rec, with the course of approximately five miles going via Ansty, Deaks Lane and Whiteman's Green. There is an entry fee of £2 per person and you must be at least 16 years old to take part. Please register at the Recreation Ground from 9.30am. The first walker leaves the Rec at 10am.

There are trophies and medals to be won for the men's and women's handicap race, the fastest man and woman, and the fastest senior walker which is open to those over 60. There are also the men's and women's team trophies awarded to the fastest combined time achieved by a team of three walkers.

Walkers are invited to wear fancy dress and there are special prizes for the best outfits. While the walkers are out on the course, children are invited to join the annual Easter Egg Hunt, which starts at around 10.30am. For more information, please contact Jim at the White Harte, or phone: 01444 413454, or email: independent_state_of_cuckfield@hotmail.com. The current Mayor, Ken Gregory, is looking forward to seeing you on Easter Monday.

Pre-school space seeds

Children at Cuckfield's Norto5 Kidz Academy are preparing to become space biologists by growing seeds that have been into space.

In September last year, 2kg of rocket seeds were flown to the International Space Station (ISS) on Soyuz 44S where they will have spent several months in microgravity before returning to Earth this month. The seeds have been sent as part of Rocket Science, an educational project launched by the RHS Campaign for School Gardening and the UK Space Agency.

Norto5 Kidz Academy will be one of up to 10,000 schools to receive a packet of 100 seeds from space, which they will grow alongside seeds that haven't been to space and measure the differences over seven weeks. The children won't know which seed packet contains which seeds until all results have been collected by the RHS Campaign for School Gardening and analysed by professional biostatisticians.

Tracey Miller, supervisor of Norto5 Kidz Academy in Cuckfield says: "We are very excited to be taking part in Rocket Science. This experiment is a fantastic way of introducing science to young children."

Rocket Science is just one educational project from a programme developed by the UK Space Agency to celebrate British ESA astronaut Tim Peake's mission to the ISS and inspire young people to look into careers in STEM (science, technology, engineering and maths) subjects, including horticulture.

Garden Fair comes to Cuckfield

A popular and long established Garden Fair is moving to a new venue.

The Garden and Local Produce Fair, held for ten years at Summers Place in Billingshurst and last year at South Lodge Hotel, will be held on 19th May in the grounds of Cuckfield Park thanks to the kind permission of Bryan and Sue Mayou.

The event will run from 10.30am to 3.30pm and will raise funds for the New Horizons Appeal on behalf of St Catherine's Hospice.

Visitors can enjoy the chance to stock up on plants from many well known nurseries along with garden accessories, gifts and local produce. Lunches and teas will also be served.

For more information contact: Suzanne Connor. Email suzanneconnor@stch.org.uk or call 01293 447367.

Pup pampering business launches

Cuckfield resident Caroline Denholm is starting a new business later this month. Caroline, who has lived in the village for 17 years, has decided to ditch her sales career in the ski travel industry in order to pursue her own dream.

"After getting our Tibetan Terrier in 2014, I loved buying things for her but couldn't believe how difficult it was to get well made quality pet products," Caroline explained. "It is relatively easy to get the mass brand products, but these never seem to last very long and can be quite bland."

Fernie's Choice is a luxury online dog boutique business which will have a carefully selected product range with a 'classic country feel'.

The website will launch on 29th March but Caroline is also looking forward to being part of The Pop Up Boutique at The Talbot, where her store is expected to be open during May.

After the website's 'go live' date Fernie's Choice web address will be www.fernieschoice.com

PARTICIPATION & REWARD

The major refurbishment works at Linear Health and Fitness at Borde Hill Gardens are now complete and the club is fully open once again. The facilities on offer now include a reception area, gym, studio and treatment room, as well as brand new changing rooms and showers. And, of course, its location in one of Sussex's loveliest country estates means that club members have unique access to acres of beautiful outdoor training space, as well as to extensive cross-country running trails, plentiful free parking and an on-site café, all within a five minute drive of Cuckfield, Haywards Heath and Lindfield.

Yet exercising in a visually stunning and peaceful location is only one element of the club's appeal. Every effort is also made to create a sociable and friendly atmosphere and to ensure that training sessions are varied and fun. And the small class sizes mean that instructors know all of their members by name and members get to know each other. This makes training at Linear an enjoyable social activity, as well as a proven means of delivering the health and lifestyle benefits of regular exercise.

Of course, everyone wants their training sessions to be enjoyable, and therefore sustainable, but they also want exercise programs that deliver results that will enable them to sustain hectic domestic, work and social lives. So, to ensure that every minute of training is productive, all activities at the club are instructor-led, whether it is PT-led boot camps, yoga teacher-led studio classes, or coach-led running sessions. With class sizes limited to a maximum of 12, there is time to ensure that exercises and advice are tailored to each member's individual needs.

At Linear there are no joining fees and no contract

Also central to the club's philosophy is the concept of 'all round well-being'. So, whilst calorie burn and cardiovascular fitness are important, so too are the development of core strength, functional strength, and flexibility. For that reason, members have access to a range of classes, each promoting a different combination of health benefits, including boot camps (outdoors), conditioning sessions (gym-based), kettlebell classes, yoga, pilates and a running club. In addition, the club provides access to personal training, sports massage, injury rehabilitation, nutritionists and spa treatments, to compete the well-being package.

Unlike some gyms and fitness clubs, Linear is totally transparent in its pricing. There are no joining fees and no contract. Memberships are available to suit all budgets and schedules, starting from £32 per month for a one-session-a-week membership, up to £96 per month for an unlimited membership (www.linearfitness.com for more details). Sessions can also be bought in blocks of ten for £90, with the member able to take those sessions at any time. Sessions are completely flexible, enabling, for example, a one-a-week member to attend a boot camp one week and yoga the next.

What's more, with Linear Health & Fitness offering readers of Cuckfield Life a free 5 day pass, there's no excuse not to pop down and give it a try! Email info@linearfitness.com quoting AV01 (to be claimed by 30th April).

LINEAR HEALTH & FITNESS

Choral Concert for Marie Curie

Ardingly Choral Society has decided this year to raise funds for the Marie Curie Daffodil Appeal at the Society's Spring Concert. It is ten years since Ardingly performed Creation and the choir will be joined as always by the Mid-Sussex Sinfonia in the magnificent surroundings of Ardingly College Chapel. This time the singers will all be displaying Marie Curie's Daffodils!

The audience may well be familiar with the fine quartet of soloists. Mark Stone (Baritone) performs internationally and is making his first appearance with the choral society. Adrian Thompson (Tenor) first sang as a boy with Robert Hammersley (conductor) in a Promenade Concert in 1973 but this time he will be coming straight over from Glyndebourne where he will be rehearsing for his solo role in Wagner's Die Meistersinger. Best known of all to Sussex will be Eloise Irving whose delightful young soprano voice has enchanted audiences many times, most recently in her combined concert with Dame Emma Kirkby last year. Jane Haughton (Alto) is also very well known by Ardingly audiences and those who sing with the various choirs she runs in West Sussex.

This performance of Haydn's Creation will be performed in Ardingly College Chapel on Sunday 10th April at 7.30pm. Tickets (£14, concessions £12) will be available from Carousel Music and from Michael Kershaw (01825 791241).

Marathon darts returns

It's back for another season. The ever popular Darts Marathon is being promoted once again by the Rotary Club of Cuckfield and Lindfield giving everyone an opportunity to raise money for charity. Now in its eighteenth year the objective is to raise another £15,000 this year.

Anyone can take part. A team of six, either men, women or mixed, throws darts for an hour to see how many points can be scored. The team members will have obtained sponsorship at so much per thousand points or a single donation and at the end of the session the total amount of sponsorship and donations will be calculated. A good score is over 10,000 points. There are four of £100 each for the highest score for men, ladies and mixed team and the team raising the most sponsorship.

Members of the Rotary Club of Cuckfield and Lindfield will supervise each event – which can run until April. The team is expected to find its own venue and arrange the evening but the Rotarians will be happy to give suggestions of pubs and clubs welcoming the event.

The principal beneficiaries will continue to be St Peter and St James Hospice and Chestnut Tree House Children's Hospice.

If you would like to help us please raise a team or let us know which team you would like to sponsor. More details can be obtained by contacting The Rotary Club by email at sawyers365@btinternet.com . Also please visit: www.rotarysussex.org

Cuckfield Interiors launches design service

By Fiona Evans

Like a lot of people I have always been interested in interior design. From an early age I was inspired by beautiful interiors, loved rich colours, enjoyed making home accessories and was aware of the change of mood created by a change in décor or light. Eventually I was encouraged to do something about my growing hobby when one by one our three teenage kids went off to university. I was proud of their achievements and just a bit envious that they were studying subjects they were interested in. I was facing an 'empty nest' and my husband encouraged me to take up the challenge of studying myself.

Initially I studied Interior Design and Decoration at home by distance learning through Rhodoc, an online college and once I achieved a diploma went to study full time at The London Metropolitan University for a year to top up my diploma to an honours degree. I loved it and really threw myself into the work developing my own eclectic industrial style.

It was hard work but worth it when, after qualifying, Limited Editions Interior Design Consultants in Storrington offered me a branch of their successful business to run from my home in Cuckfield and I became an associate member of BIID (British Institute of Interior Design).

That was six years ago and in that time I created visuals to show clients how their new interior would look, designed window treatments for some tricky spaces, compiled mood boards for whole interiors, designed and sourced furnishings.

Now I feel ready to take up a new challenge with my new company Cuckfield Interiors, again working from home in Broad Street in Cuckfield.

Launched last month I hope to give people ideas about their living or work spaces, in their own style by compiling a brief, preparing mood boards, organising furnishings for normal or awkward spaces and helping them run a project if they wish. The first appointment is free and is just a chat with the potential client to help put together a brief. No project is too small.

Go wild at Wakehurst this spring!

Do you long to be immersed in nature? Your senses alive whilst you breathe in fresh air and rekindle both visual and audible feasts – all whilst satisfying every member of your family and their differing tastes? Wakehurst is offering a wild and varied programme of activities, from Easter holiday fun in March based on Pine Cones to a Wild Wood weekend of adventure over the May Bank Holiday.

In April, when the wild primroses give way to carpets of bluebells, there are 'Walks to celebrate spring'. These take place on the 24th and 29th April when there are guided walks of various durations from 45 minutes to two hours and they're free of charge.

Badger Watching evenings for adults and children start on Tuesday evenings from 12th April – 6th September and cost £12 for adults and £6 for children (to book, please call: 01444 894067), whilst the more specialist and combined Adult Education Kingfisher and Badger Watching evenings are taking place on 16th and 19th May from 5.50-9.30pm and cost £30, to include a light snack. To reserve a place please call: 01444 894310.

After a highly successful inaugural event, Wakehurst is once again hosting its popular Wild Wood Weekend to coincide with the May Bank Holiday, Saturday 28th-Monday 30th May, and this time there are even more wild woodland activities and relaxing pursuits for all ages to enjoy!

Pearcelands Wood, part of Wakehurst's 465 acre estate, which was opened up to the general public for the first time last year, will come alive again with exciting sounds of things being made, explored and enjoyed. There will be arts and culture in the form of music and immersive plays in the woodland amphitheatre and sculptural installations amongst the trees; creative traditional skills, contemporary crafts and forest activities, from den-building and cooking damper bread over the camp fire to more serious survival bush craft skills; high energy activities such as tree climbing and the brand new Treetrunk Trek; relaxation in the woodland yurt; and family united fun – helping to create a giant

nature wall, exploring unexpected pockets of woodland wonder together, observing and taking part in some of the wood-making workshops, browsing a range of innovative woodland products and gifts and relaxing together for a picnic or wood-side barbecue.

All the above is included in the cost of a Wakehurst admission ticket, so visitors can also explore other areas of the woodland, botanic gardens and lakes.

Ed Ikin, Head of Horticulture and Landscape, said: "I'm very much looking forward to my first Wild Wood this year. At a time when woodland spaces such as these are in decline, Wild Wood celebrates why this great British habitat is important and needs to thrive whilst at the same time providing entertainment for all of the family."

From 31st May – 3rd June, Wakehurst also hosts its 'May Half Term Adventure' with activities focusing on 'Home Sweet Home'. Between 10.30am – 3.30pm daily, children can find out about some of nature's wonderful builders and make their own mini bug hotel to give a home to wildlife. Cost £3 per participant.

Don't miss out on the wonder. For further information about Wild Wood and other events at Wakehurst, please visit www.kew.org/wakehurst

Missing Monty finally found

The rugby pitches at Whiteman's Green have been the scene of many dramas but nothing could match the excitement when lost dog Monty staggered onto the touchline during a training session last month.

Monty, a 7 year old border terrier, had gone missing during on a walk on Whiteman's Green and, after more than two weeks with no sightings, hopes of finding him were beginning to fade.

But owner Klare Kennett refused to give up hope. Supported by family, friends and fellow dog walkers Klare set up the 'Help Find Monty' campaign, distributing posters all around the village, setting up a Facebook page and carrying out daily searches around Whiteman's Green and New England Wood.

And their persistence paid off when Monty was found after staggering onto the green and collapsing between the two rugby pitches. Whiteman's Green resident Peter Clack had spotted the little dog in his car headlights, alerting the players who made the phone call Klare had been praying for.

"Monty was very weak, thin and dehydrated, but also warm, dusty and smelt strongly of foxes," said Klare. "We think he'd been stuck down a fox hole, unable to squeeze himself out until he had lost weight."

"Monty knows the rugby club very well as my son Oliver plays for the minis, so headed for a familiar place."

Monty was whisked off to the vet, where he spent the night under observation and on a drip but, much to the family's delight, made a remarkable recovery and was well enough to return to the family home in Bolnore Village the following day.

"Having Monty home is absolutely wonderful, not only for us but for our other dog Barney who had been pining for him," said Klare, assistant communications and marketing director for the RSPCA which had rescued both dogs. "He's sleeping a lot and has a nasty sore where his harness had rubbed him. But apart from that he's doing really well."

Klare added that she was overwhelmed by the support from residents and dog lovers from Cuckfield and beyond. "The Help Find Monty Facebook page reached around 22,000 people and I've had hundreds of messages of support," said Klare.

"I'd like to thank everyone who helped search for Monty from the bottom of my heart. All the wandering around those fields and woods every day calling Monty must have kept him going as he gradually lost weight down the hole until he was small enough to wriggle out and find his way back to his favourite place – the rugby club."

"It shows what can be achieved when people work together but also highlights the benefits of microchipping which makes the chances of being reunited with a lost pet so much better."

There were extra special celebrations when Monty returned to the village just days after his ordeal ended to be reunited with the some of the many 'human helpers' who had joined in the search for him.

MISSING
08th February 2016

MALE – BORDER TERRIER

MONTY – is a male Border Terrier who went missing from Whitemans Green, Cuckfield RH17 on the 08th February 2016. Monty is microchipped and neutered, he was wearing a red collar and harness at the time of going missing.

Quiz Night

The next Woodside monthly quiz night will be held on Saturday 19th March, from 7.30pm. To reserve a table or pre order Flip Gourmet Burgers send an email to: events@bolnore.org.uk or simply turn up on the night.

Bolnore Youth Club great start at Woodside

The new weekly youth club, which started last month, is already going from strength to strength. The second meeting saw 20 turn up for the free session.

Bolnore Youth Club is open to all young people from school age Year 7 upwards.

Dan Sneller, organiser of the club, commented: "We are delighted with the early response from those in and around the area, which just proves the need."

Although popular the fledgling club is in need of more volunteers, particularly men. If you would like to discuss helping out, please email Dan on drsneller@googlemail.com

The youth club is open every Thursday between 7-9pm at The Woodside.

Cafe open on Good Friday

The community cafe is open every Friday from 9.30am until 12pm and is host to playgroup Saplings. Enjoy a selection of coffees and snacks while the children play with toys. The cafe is open term time only, but will be open on Good Friday 25th March.

Do you suffer from bad bus service?

At the request of several residents, we have now set up a special Facebook group for long-suffering users of the Sussex Bus Company services that serve Bolnore with the aim of logging all service issues (which we'd like to use as evidence when this company reapplies for its licence) and keeping fellow users up to date on problems, timetable changes etc. Search for Bolnore Bus Bulletin Board on Facebook and select 'join group'.

Newest Scout group in Sussex needs a helping hand

In the past six years, Bolnore has made some big strides in coming up with a range of facilities and groups that one might find in its much older neighbouring villages. This really started with the opening of the primary school five years ago, followed by a community garden and the Woodside, which, since opening just over a year ago, already serves as the village church, pub, pre-school, Scout hut, youth club and hosts a vast range of groups, classes and sports clubs.

One of the key success stories has been the Bolnore Village Scout Group, founded nearly five years ago and still to our knowledge the newest Scout group in West Sussex. The Scout Group serves a total of around 80 children (girls now as well as boys) and boasts two Beaver Colonies (6-8 year olds), a Cub Pack (8-10yr olds) and a Scout Troop (10-14½yr olds).

All the sections provide a balanced programme based on traditional Scouting ideals which are accessible to all and include a mixture of fun, adventure, learning about self, new skills and experiences, and teamwork. Scouting is also about being a part of the community and as part of its obligation as a uniformed organisation the Scout Group gets involved in local initiatives and supports key local events including Remembrance Day and St. George's Day parades. This all counts towards a range of activity badges, challenge badges and ultimately a Chief Scout's Award, which all the young Beavers, Cubs and Scouts love working towards. For example the Scout troop is currently working towards the survival badge. This involves completing a range of challenges both on Troop night and at Camp. Consequently a recent troop night included cooking some sausages on trangias (a type of portable stove).

Each section also provides at least one overnight experience either under canvas or in accommodation.

For example the Scout Troop's Summer Camp in August this year is in Snowdonia for seven days, and there will be a Spring Camp around Easter time at Stanford Scout Camp site near Pease Pottage. The Cub Pack and Beaver Colonies are also all having sleepovers either locally in Scout halls or in Scout Association campsites run by scouts for scouts.

Bolnore Scout Group would not be thriving of course without its volunteers who give up their time to organise and run section meetings and events throughout the year. Bolnore Scout Group is incredibly fortunate to have an amazing team of enthusiastic, dedicated leaders and executive members who love working with young people and are immensely proud to have brought one of Britain's most traditional and rewarding institutions to such a new community. Without this team of volunteers – around 20 in all – Bolnore Scouting simply would not be the success it is currently and or be able to thrive into the future.

Despite this the Cub Pack is currently struggling following the loss of both its Leader and Assistant Leader in recent months. The group is urgently looking for two or more adults who love working with young people in the community and are free on a Tuesday evening between 6.30pm and 8pm (term-time only). For more information about this incredibly rewarding voluntary youthwork opportunity with the oldest uniformed youth movement in the country or if you are interested in your own child joining one of the Scout sections please get in touch with the Group Scout Leader (Nigel Flude) at bolnorevillagescoutgroup@gmail.com

A family of Mayors

INDEPENDENT STATE OF CUCKFIELD

By Kate Fleming

Next time you are in The Queen's Hall linger around the entrance and look at the Mayors of Cuckfield display boards. Meticulously recorded in letters of gold on shining polished wood, you will read the names and dates of Mayors over the past five decades from Joe Mitchell the first in 1966 to our present 2016 fourth time Ken.

Don't leave – look more carefully- and you will be able to trace through time Mayors that belong to one special village family. Ted Murphy (1974 and 1975) is the beginning of this remarkable family chain which starts in 1974 when he was landlord of the sadly missed Kings Head, thus fulfilling the early billing of this eccentric election as a contest between 'publicans and sinners'. For those of you with the Holy Bible to hand see Mark 2:15 for an interesting reference.

During Ted's two consecutive years in office he contributed richly to the life of the village. It was during his time that we fought the landfill site at Whiteman's Green, and Ted, true to form, donned the robes and appeared on the BBC's 'Nationwide' to alert the country about this pending environmental catastrophe from which we managed to victoriously escape, and now enjoy the Golf Course.

One of his major achievements however was to marry Christine Knight in September 1975 and so pave the way for Chris Murphy to be elected Mayor thirteen years later in 1989. Chris, by this time, landlady of The White Harte, still thankfully part of village life, managed to perform her mayoral duties while working in the pub and bringing up her young family. It was Chris who unveiled the Mayor of Cuckfield Display Boards in the Queen's Hall so cementing past present and future mayors of The Independent State of Cuckfield and officially establishing the importance of this fundraising organisation to the culture and well being of our community.

Ron Knight, Chris Murphy's late Father, was elected Mayor in 1985, succeeding my own term of office, and did so on a night of controversy and drama. As midnight approached when a bell should ring out to end the voting Ron was in the lead from another candidate Sarah Fry. At that very moment her supporters leapt in with a vote worth £200 to supposedly clinch the deal.

Chaos ensued! Robes were on, robes were off! Who was to be Mayor? Both of them of course! So 1985 was blessed with a Mayor and a Mayoress. Ron Knight, a Second World War veteran, had always worked hard for the youth of Cuckfield and supported and participated in a range of sporting events, and his year of office reflected this interest and commitment.

Ron handed over his robes in 1986 to his nephew Martin Ingebretson, a well known 'voice of Cuckfield', and Chris and Ted Murphy's cousin. During his mayoral year he remembers participating in 'It's a Knock Out' and presenting Trophies at the Motor Bike Scrambles at Sparks Farm in Whiteman's Green. He has, since then continued to work tirelessly for The Independent State of Cuckfield, and will as always be a major

presence at all the events in this fiftieth anniversary celebratory year.

A decade ago Cuckfield celebrated it's fortieth year of Independence and to mark that occasion forty candidates presented themselves for election, and the winner that year of 2006, raising a massive £3,500 was Henry O'Donohue, Chris and Ted Murphy's brother-in-law. Henry, a larger than life character known affectionately to the locals as the 'hippy with long hair', reigned the family theme for the twenty first century.

The Independent State of Cuckfield is hoping that this year fifty candidates will stand for mayor, and the family are relishing their 'trump card'. Waiting patiently 'in the wings' is Leanne Knapman nee Murphy, Ted and Chris's daughter. A busy working Mother, this will be her twelfth attempt to 'win the robes', and she has to be in with a chance. We know she will be well supported by her family

in spite of Jo and Michael, her sister and brother, Gareth her husband and Ted all appearing as candidates too!

What about the future though I hear you cry. Never fear brave Cuckfieldians there are seven grandchildren in this great family waiting on the sidelines to keep the family tradition alive and well. The family of Mayors is in a powerful position to lead us into the next half century and we will be able to continue to celebrate this exciting long standing 'Family Affair' of Mayors.

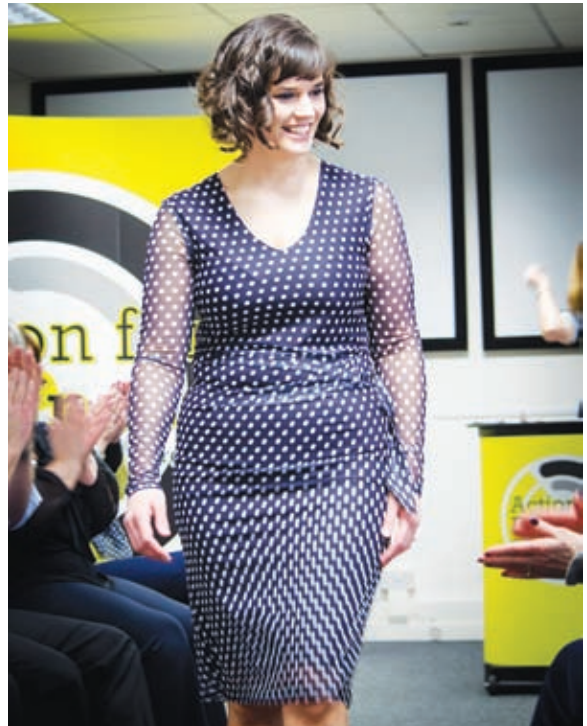

To celebrate The Independent State of Cuckfield's 50th Anniversary, the group is hoping to attract 50 candidates to stand for mayor this year. Why not get involved yourself? Speak to current mayor Ken Gregory or email: independent_state_of_cuckfield@hotmail.com for more information about THE mayoral race of 2016!

JoJo Fashion Show for local charity

By Anita van der Colff

The recent fashion show at Action for Deafness certainly had the wow factor and raised over £1000 to support their services. The initial idea and mastermind of the fundraising show came from Jo Dennis owner of local boutique JoJo. The evening embraced Action for Deafness goal of reducing social isolation for people who are deaf or hard of hearing. The models were themselves clients and volunteers at Action for Deafness. The audience was an inclusive mix of non-hearing and hearing people, full communication support was provided so that everyone could enjoy the evening

The models showcased a number of stunning pieces from JoJo spring collection, with Jo giving everyone tips on how to put together their own wardrobe. As well as JoJo boutique the evening was supported by a number of other Cuckfield businesses. Staff from Hairworks did all the models hair and Beauty Within their make up. The raffle on the evening included prizes from JoJo, Ockenden Manor and Grape and Grain (in Haywards Heath). A fantastic local effort for a local charitable organisation.

Cuckfield Golf hosts challenge

Local lad Sam Grant, aged 11, took on a personal golf challenge last month at Cuckfield Golf Club to raise money for charity.

Aiming to play nine holes of golf in less than an hour, he had to run up and down the steep course often against strong winds, to achieve his goal which took just 40 minutes.

Sam managed to reach his target and beyond to a grand total of £540 for Cancer Research.

Sam's mum Elaine commented: "A huge thank you is sent out to the generosity of Cuckfield Golf Club and its members; his golf teachers Neil Plimmer and Neville Perryman-Best, who encouraged him round the course, and everyone else for their support and sponsorship which helped Sam to achieve his challenge."

Caught on camera

This beautiful white dove was captured while it flew past Holy Trinity Church last month.

Fred Thomas, 14, was walking through the church yard and acted quickly to get it recorded on camera. Thanks Fred for sending it in.

Celebrating Something Special?

Unbelievable Views for Memorable Moments. Come and have a look around. We can't wait to show you.

Book before 1st August 2016, and get a FREE bottle of Prosecco with every booking. Simply quote 'CGC Life'

A bottle of Prosecco is the central focus, with its golden foil and label clearly visible. In the foreground, two champagne flutes are partially filled with bubbly liquid. The background shows a scenic view of a golf course under a cloudy sky.

Bake an Easter cake

FAMILY FUN

With Easter happening at the end of March this year, why not get organised and plan a fun activity that children can get involved in?

Clare Pope, owner of Cuckfield-based Clare's Cake Boutique, recommends a recipe for this eye-catching cake that even we should be able to make!

In addition, Clare shares her tricks of the trade on how to make and decorate cakes like a professional.

By getting the children involved, you get to keep them occupied for a few hours during the Easter holidays (whatever the weather), and they get to learn a new skill. Allowing you and the family to marvel at the centrepiece on the table on Easter Sunday.

Chocolate Easter Cake

Ingredients:

- 6oz/170g self-raising flour
- 6oz/170g baking margarine
- 6oz/170g caster sugar
- 3 large eggs
- 2oz/50g cocoa powder
- 1 teaspoon of baking powder

Method:

- Cream together the butter and sugar in a mixing bowl
- Crack all three eggs into a separate bowl and lightly beat with a fork
- Sieve the flour, baking powder and cocoa powder into another bowl
- Add 1/3 of the flour mixture to the butter then add 1/3 of the eggs. Beat gently, either with a mixer or by hand. Once all the mixture is combined, add the same amount of flour mixture and egg again, combine in the same way. Once this is mixed, add the final portion of flour mixture and egg, beating together to form an even smooth paste.
- Grease and flour two 7" Victoria sandwich tins.
- Scoop mixture into each of the greased tins, ensuring there is an equal amount in each.
- Bake in a preheated oven (180C/356F/Gas mark 4) for 15-20 mins.
Do not open the door until the cake is cooked!
- Remove from tins and leave to cool

For more baking tips and the **filling** and **decoration** stages of this recipe please go to our Cuckfield Blog on the Cuckfield Life website: <http://bit.ly/1WZkuEA>

Cake Decorating Hints & Tips

- Cut the domed-top off your cake and discard, then turn it upside down and use the base as your neat top to decorate.
- Before you cut a cake, eg: for layering, leave it to cool and then refrigerate for 1 hour or freeze for 30 mins. This will make the cake more stable and less crumbly when cutting.

Cuckoo Fayre is coming up

FROM THE MAYOR'S TABLE

By Ken Gregory

One of the highlights of the Mayor's year is officially opening the annual Cuckoo Fayre at the Recreation Ground. This year the Fair will be held on Monday 2nd May from 1pm. Ironically, it's the same date as the very first Cuckoo Fayre held back in 1966 which launched the Independent State of Cuckfield.

I'm sure there will be many people who would like to join this very special celebration. The good news is that the price of pitches for stalls and sideshows remains the same as last year – £25. For more information or to book your space contact Jim Ayling at The White Harte on 01444 413454.

We have now completed our accounts for 2015, and I'm delighted to announce that 32 clubs and good causes will be benefitting with a share of nearly £6,000 raised. Eventually the accounts will appear in the village pubs and on the notice board in the High Street so please take a moment to look through them.

This year, to celebrate our 50th Anniversary, we are hoping that we can attract 50 candidates to stand in the Mayor's election, enabling us to raise and give away even more funds for charities. Anyone who would like to stand or find out more, should contact myself or a member of our committee.

If standing for Mayor doesn't appeal, why not join the committee instead? During the next twelve months we have nine members of the committee standing down including our secretary and treasurer, so we would welcome any keen and enthusiastic members who would like to come on board.

Finally, can I just remind everyone that our Walking Race and Easter Egg Hunt takes place on Easter Monday (28th March) in the Recreation Ground. Registration is at 9.15am for the walkers and the Egg Hunt will take place after all the walkers have left. Do come along and join in the fun!

Cuckfield

PARISH COUNCIL

News from
Cuckfield Parish
Council

Spring 2016

Chairman's Introduction

by Nigel Page, Chair of Cuckfield Parish Council

It continues to be a busy time for the Council. We have a number of activities in hand, as well as the day to day running of the Parish Council's assets which include running and hiring two community buildings, management of the churchyard and open burial ground, public toilets, two allotment sites and much more. The Council is now embarking on developing a three-year business plan to identify and agree projects for the remainder of the term. We are aiming to consult residents on the proposed projects at the Annual Parish Meeting on 19th May, so do please put this date in your diary. We have recently set up a working group to look at the amenity land proposed to be offered to the Parish Council following developments at Bylanes and Ardingly Road.

As mentioned in earlier communications we have invested in more staff resources for the parish office and extended opening times over five days. But what you may not know is how to find the office! Cuckfield Parish Office can be found in the wonderful Grade II Listed building, The Queen's Hall in the High Street, the first door on the left as you go in. You will be greeted by Annette, the Parish Clerk, Sam, the Assistant Clerk and Jane, our Clerical Assistant, who are always ready to answer your query or point you in the right direction. The new opening times can be found at the end of the newsletter under our contact details.

Planning

Having acted as an interested party at a recent Hearing, the Parish Council now awaits the Inspector's decision on two appeals (for a housing development of 20 dwellings and 4 dwellings respectively) at the land parcel East of Broad Street. We are now actively monitoring Neighbourhood Plan housing policies against actual planning outcomes. Since April 2015, there have been 35 applications in the parish, mostly for residential extensions, of which 31 have been approved by MSDC. Included in this figure are three new dwellings on existing/in fill sites. In 86% of cases, Mid Sussex District Council decisions have concurred with the parish council.

Roads & Traffic

High Street Pavement

The pavement from Leyton Lea running towards the recreation ground is getting closer to being repaired. West Sussex County Council (WSSCC) has agreed the work with its contractor and is aiming to place the order in this financial year. The project will see bollards installed and the block pavers re-laid along the section of the pavement (between the junction of Leyton Lea to the entrance of the Recreation Ground) to prevent vehicles parking / driving on it causing further damage. Please be considerate when parking in the village and remember that pavements and verges are not for vehicles.

London Lane

The project for safety improvements in London Lane, which is to be funded using Section 106 monies, has had to be suspended whilst WSSCC carries out a review of the funding and project allocation process. The review is due to be completed by the end of March and we will restart our work on the plans as soon as we have secured the funding.

Street Lighting

You may recall the parish council has been working to ensure the new street lighting is consistent, matching heritage style fittings in designated areas to enhance the street scene. We are pleased to report the street lighting project, to replace the lighting columns in Cuckfield, is getting close to completion! The final work will include replacement of the lamp brackets attached to buildings in the High Street to a Heritage style fitting, which will be more in keeping with the conservation areas of the village. We expect the work to take place within the next six weeks.

Heavy Goods Vehicles (HGVs) in the High Street and London Lane

Lindfield Preservation Society, along with local villages, has been working to try and secure a ban of HGV's through some villages in the District. After gaining support from the majority of local councils, they have submitted an application to West Sussex County Council for a Traffic Regulation Order. We will keep you updated.

HIGHWAYS INFO

West Sussex County Council's website can be used to report problems with roads and pavements. The website address is www.westsussexhighways.org

Finance

This year has seen a number of commitments on our finances some chosen, some imposed. For example, we have increased staff resources in the parish office to manage our many assets, duties as a parish council and extended office opening times for better access by our residents. The Council has approved a budget of £20,000 over the next two years to carry out much needed maintenance and improvements to the Cuckfield Village Hall (purchased by the Council in February 2015). Government imposed pension and National Insurance costs have affected our outgoings. The Parish Council has in recent years kept its Council Tax increase at either nil or very low (0.10p per annum on a Band D property last year). Recently, however, Full Council had to take the decision to increase the precept for 2016/17 and approved an annual increase of approximately £12.91 per annum on a Band D property (a little over £1 per month) to meet its future commitments. The table below shows the recently approved budget for the 2016/17 financial year, showing where the money will go. Of course, prudent management of the budget will continue and savings made where appropriate. As mentioned elsewhere in the newsletter, the Council are applying to fund the traffic-calming project in London Lane solely from Section 106 funds (which are developer contributions made against housing built in the village).

2016/17 BUDGET: Income	€	2016/17 BUDGET: Expenditure	€
Environment Committee			
Precept	41,820	Churchyard	48,495
Burial Fees	25,000	Allotments	575

Other income	1,800	Other expenditure	2,800
Cuckfield Village Hall			
Precept	4,175	Rates etc	8,975
Other Income	11,000	Staff	1,200
		Other expenditure	5,000
Total income	252,175	Total expenditure	252,175

Environment

The price of vandalism

It is costing the Parish Council a considerable amount of money to replace two vandalised rubbish bins. One in Ardingly Road was set on fire and the other, in Mytten Twitten was kicked in to such an extent as to be unusable. The latter will cost in the region of £300 to replace. If you should see incidents of vandalism or anti-social behaviour please report it. For emergencies only, such as when a crime is in progress, call the police on 999. For urgent non-emergencies call 101 (calls cost a flat rate of 15p per call) or 01273 470 101 or online at www.sussex.police.uk/help-centre/report-something-online.

Churchyard Wildflower Experiment

In some sections of the churchyard many of the older plots provide evidence of up to twenty species of wild flowers. The Parish Council is starting a small experiment aimed at bringing a more natural look to one of these sections by restricting the mowing and strimming within it. It may look a bit untidy but it will enable us to see how many of these flowers would flourish here if they were not routinely cut back. We will put up small notice to this effect for the benefit of visitors.

It is planned to extend the modified mowing regime to the new burial ground, partly to provide a more wildlife-friendly environment adjoining the hedges and partly to remind everyone that this is not a recreation area for ball games or exercising dogs. Visitors, and especially those tending graves, value our churchyard's quiet and peaceful atmosphere and we are committed to maintaining this.

The Observer Field

The Observer Field is so-called having been the site of a World War II Royal Observer Corps Post. The Parish Council set this field aside as a local resource to become a flower meadow. The winter-grazing sheep have once again done an excellent job in preparing the field for the new spring growth of grass and wildflowers.

The Cold War Bunker in the field has been restored and is open at weekends over the summer. If you are interested in visiting the Bunker, Cuckfield Museum can be contacted on at 01444 473630 or info@cuckfieldmuseum.org for more information and opening times.

Cuckfield Village Hall – Available to Hire

The Hall is a single storey building constructed in the 1950s and is located on London Lane, within walking distance of Cuckfield High Street. It has two large rooms available for hire, as well as a kitchen area and a secure garden. Used by Cuckfield Pre-School Playgroup to provide care for pre-school children during term time, the hall can be booked outside these times for either regular hire or one off events such as children's parties. The hall has a maximum capacity of 100 standing, or 75 seated. The rate of hire is £10 per hour at all times and includes use of the kitchen and garden. For further information please contact us:

Organic or inorganic?

VILLAGE GREEN

By Margaret Tyzack More, Cuckfield Local

The choice whether to go 'organic' is always in the news. It can be a tough call for many of us, but at least we're lucky to live in an area where there are lots of organic possibilities – from lovely veggies at Laines just down the road, to organic wines in Sussex and now organic bedlinen in East Sussex.

While browsing through some magazines recently, my attention was drawn to a T-shirt promotion. The singular quality of the promoted tee was that the cotton used is organic. I remembered visiting a farming family in a small, rural Indian village. Talking over tea they told us how sick the children had become since the cotton harvest. Looking around the small, two roomed home we saw that it was stacked with baled cotton waiting to be collected and taken to the cotton gin. This is where the family slept surrounded by pesticides still in the cotton which added to the poisons already absorbed from spraying against the cotton boll weevil.

Musing on, I thought about the effect of toxins on our skin. This is an area which impacts us all – from the soap and shampoos we use, to deodorants and personal care products. With the 'organic' buzz word used randomly in the beauty aisles of the stores, it's a good idea to check the product ingredients. Look out for what has become known as 'green wash', that is to say only one or two ingredients are natural though the rest and the manufacturing process may be far from organic.

Have a look instead for the certification standard COSMOS – Cosmetics Organic Standard developed by the Soil Association with four European certification bodies to harmonise organic standards globally.

So organic or inorganic? We are what we eat so it's best to choose our food wisely. There has been much written and discussed on this aspect so no more now. It's time to raise the bar so let's hear it for organic wine. It's worth searching out the pesticide and sulphite free bottle of red or white of your choice and, yes, there are organic vineyards in Sussex.

Banking has gone organic too with Triodos Bank. The movement towards natural methods in the food, retail and beauty sectors need sustainable financial support and Triodos lend only to organisations that have a positive impact on people and planet.

More good news is that close to home in East Sussex is a company making organic mattresses, pillows and bedding.

To top it all, there's organic tartan. Oh yes there is! Organic from sheep to blanket, the wool is from HRH The Prince of Wales' organic sheep and the tartan is designed and woven in the New Lanark Mill under their organic license.

Okay, you won't find organic mattresses or tartan at our next Market but there will be good, honest Sussex food to choose from. So come to The Talbot on 12th March between 9.30-12.30pm to sample the produce. And don't forget your milk bottle tops!

RSPB advice

The RSPB is receiving a rising number of calls from the public concerned for wildlife, due to an unusually warm winter.

The mild weather has caused added dangers for wildlife, with reports of hedgehogs leaving hibernation early and councils unable to remove Christmas trees due to nesting birds. The organisation recommends that residents save the number of a local rescue service in their mobile phones - for when its needed.

There is even a dedicated website to help you to find the number of your local rescue centre: <http://helpwildlife.co.uk/directory/map>

FLINT PHYSIOTHERAPY

Home visiting physiotherapist with extensive NHS and private experience.

- Treatment and management of joint pain
- Falls prevention programmes
- Improving mobility, balance and strength
- Enabling independence following illness

'Tis the Spring of souls today

Dear Friends,

Although I am sure that I saw daffodils lining the path of 'Marshalls' in the High Street on Christmas Day, nevertheless by the time you read this Spring really will be revealing itself in nature's glory. This is, of course, when Easter is celebrated – the greatest of Christian festivals. The title (above) comes from a hymn written in the sixth century by St John Damascene which is a wonderful paean of praise of a day Christians believe transformed the world. Here is the third stanza of the hymn:

**Now the queen of seasons, bright with the day of splendour,
With the royal feast of feasts, comes its joy to render;
Comes to glad Jerusalem, who with true affection
Welcomes in unwearied strains Jesus' resurrection.**

This powerful imagery draws us into the mystery of God's love which reaches from beyond our understanding to share our humanity through Jesus. We greet him as the humble king entering Jerusalem on Palm Sunday before gathering around the altar on Maundy Thursday to give thanks for the gift of Holy Communion. On Good Friday we deepen our knowledge of the self-giving love of Jesus for each of us on the cross before the darkness is dispelled on Easter Eve as the great Paschal (Easter) Candle is lit and the church flooded with the light of many candles – a sign of our Resurrection life found in following Jesus Christ. We would love to see you at any of our services as we rejoice at God's love made known through Jesus Christ.

Details of all of the Easter Services may be found below and also on the church website.

With all best wishes,
Michael (Vicar)

Great news!

Many will know that, in response to a suggestion by our young families, we collected for Samara's Aid in the autumn hoping to send 100 banana boxes of winter clothing out to the refugee camps surrounding Syria. We sent 240 boxes and over £1,000 towards the cost of a transport lorry.

THANK YOU to all who responded so wonderfully. It was a great sign of the whole Cuckfield community united to help people in extreme need.

We hope to launch another appeal for family care packs for the camps soon – we'll keep you posted!

Stop press: Fun Day helpers needed

The residents of Glebe Road have successfully hosted a Fun Day for the past two years, with entertainment including a bouncy castle, face painting, BBQ, live music and a Circus act. However, they urgently need new volunteers, both to set up and man stalls on the on the day, and to become full Committee Members. If you can help, or would like more information, please contact June Seale on 01444 443685 or by email: jvseale@outlook.com

BROOKSBREATHWATE

**"We sell more property
in the Cuckfield area than
any other agency"**

£100

to your favourite
Cuckfield school
or nursery when
you sell with
us

That's right, more people in the Cuckfield area rely on Mansell McTaggart to sell their home than any other agency*.

Sellers choose us because with 17 offices, we're the largest independent agency in Sussex, giving us a buyer-reach like no other agent.

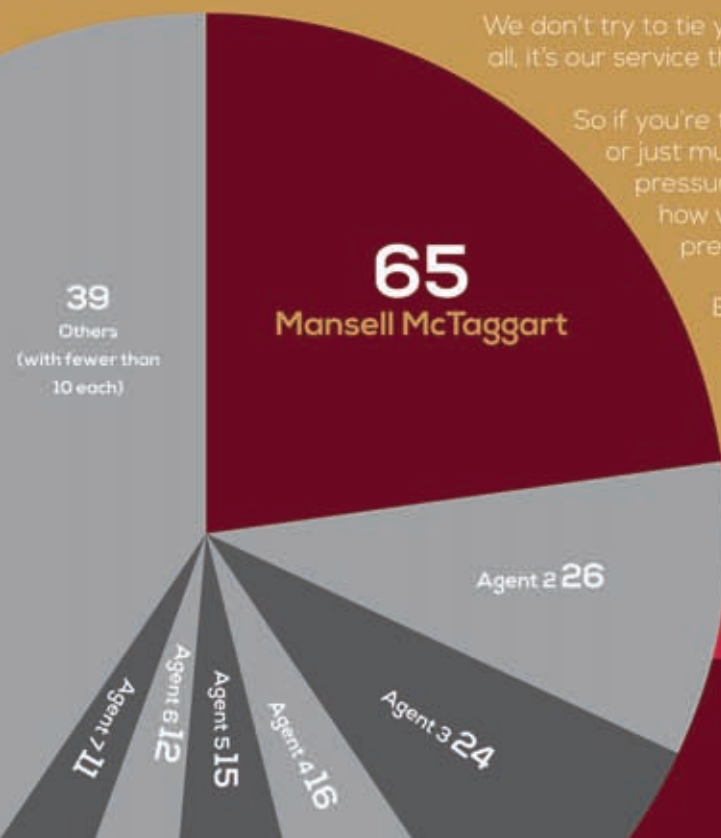

We don't try to tie you in to excessive contracts either. After all, it's our service that should keep you with us, not the law!

So if you're thinking about selling – whether seriously or just mulling it over – please call us for a no-pressure discussion about your property and how we can help – and we'll tell you about our preferential rates for Cuckfield residents...

Best wishes

Richard, Mel and Michael
